Bulbs for Spring Planting

GLADIOLUS
Mailing weight 1 lb. per doz.
Gladiolus are general favorites among the summer flowering bulbs. They are easy to grow, blooming successfully under unfavorable conditions and needing a minimum amount of care and attention but paying big dividends if given extra favor. Their stalks of lily-like blooms, found in almost all shades and colors, are the most satisfactory of cut flowers, lasting a week or more if cut when the first buds are opening.

Bolgiano’s Superb Mixture. Doz., 10c: $1.00 for 5 doz.
Bolgiano’s Fine Mixture. Doz., 35c: $1.00 for 5 doz.

CANNAS
Cannas are most satisfactory bedding plants, with their wide arching leaves and stiff stalks of lily blooms found above the foliage. Exuberant of growth a bed becomes attractive soon after planting and each day thereafter adds to its beauty, blooming constantly until cut down by frost. Stalks may be started in moist sand indoors or planted out of doors when danger of frost is over. Send for catalog.

CALADIUMS
Known also as Elephant’s Ear. This is one of the finest tropical plants which can be grown in the open air in the north. It can be made to produce 3 to 10 leaves, 3 to 4 feet long and nearly as wide on stalks 1 to 6 feet high. Medium size, 1 doz., $1.00. By mail, 10c per bulb extra.

TUBEROSES
Mail weight, 1 lb. per doz.
Probably one of the most fragrant flowers grown. Have waxy white flowers in clusters on a long stem which makes it desirable. Excelsior Dwarf Pearl, each, 4c.; doz., 40c.

DAHLIAS
Dahlias are important rivals of all other bedding plants and are showy and attractive. If well cared for they will give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials. Best results are obtained if they are planted early, but they can be planted very late with good results. Send for catalog.

Selected Quality SEEDS
From one of the oldest Seed Houses in the country
Since 1818
We have served the most critical Market Gardeners and Discriminating Planters with Highest Grade Seeds at reasonable prices

THE J. BOLGIANO SEED CO.
Baltimore, Md.

A Word About Our Quality Seeds
Our seeds are grown where conditions are ideal to bring them to perfect maturity, under the supervision of men who have made the growing of seed their life work.

No effort or expense is spared to keep our seed crops up to the highest standard of excellence. Our root crops are all grown from carefully selected transplanted roots, and all fields are carefully watched and rogued while the crops are growing.

We handle only one grade and that is the best that is humanly possible to produce, so that your order for a 10c package receives the same quality as the order for large quantities.

We have served over four generations located in every state of the Union, as well as some foreign countries and are ready to extend this service to you. Send in your order at once, it will receive prompt and careful attention.

Faithfully yours,

THE J. BOLGIANO SEED COMPANY
BALTIMORE, MARYLAND
